## Sons of Daniel Mentoring Ministry 2021-2022 Registration Is Now Open!

#### What Is the Sons Of Daniel Mentoring Ministry?

The Sons of Daniel Mentoring Ministry was developed to provide guidance to young men in the 4<sup>th</sup> through the 12<sup>th</sup> grades, as they move through their years of adolescence. We focus on both, young men who have fathers, as well as young men who do not have fathers active in their lives.

In the Sons of Daniel Ministry, the young men are divided into 3 groups: \* Cubs (4-6 grades) \* Hunters (7-9 grades) \* Kings (10-12 grades)

Each group is led by a team of godly male mentors. We seek to give each young man godly principles of manhood in hopes of providing a successful transition into adulthood. The mentor's basic responsibility is to support the family in guiding the young men through the process of becoming a responsible adult.

Our mentoring sessions start September 12, 2021 and run through May of 2022. We meet the 2<sup>nd</sup> and 4<sup>th</sup> Sundays of each month from 5-7PM in the Multi-Purpose Room.

Text SOD22 to 817.468.0083 to sign up and complete the application for participation. Even if you've participated before, you must sign up each year.

However, there may be small amounts of money required for special outings by individual groups. The largest expense is the annual retreat. Our policy is to "leave no girl behind" because of finances. Register by texting "DOD22" to 817.468.0083.

## What is Daughters of Deborah?

The Daughters of Deborah mentoring program is a discipleship training program for young ladies in grades 4-12. The program meets bi-monthly from September to May. The young women in each grade level are paired with a group of mentors who share with them wisdom from God's Word, a planned curriculum, and their own life experiences. During the course of the year the young ladies have an opportunity to make Christian friends, share in volunteer learning experiences while being able to discuss critical issues pertaining to their own lives in a comfortable setting. They also engage in seminars, etiquette sessions, cultural outings, sleepovers and an annual retreat. The year culminates with an annual celebration in May.

## **Disaster Relief Training** July 30-31 Community Missionary Baptist Church, Cedar Hill

## tbmtx.org/hope

## TBM 100 AFRICAN AMERICAN MEN IN SERVICE

In the spirit of cooperation that brings us all together, we want to mirror the heart and mission statements of Texas Baptists, the African American Fellowship and Texas Baptist Men. It is this spirit of cooperation and our mutual commitment to the Great Commission that makes this recruitment initiative, and intentional diversification of the TBM, a long overdue effort.

For years African American churches have supported the work of TBM through the Texas Baptist Cooperative Program. Many individual African Americans currently serve as members, board members and employees of TBM and have been deployed on various missions throughout the state, country and the world. While we celebrate all of the ways that African Americans have given and served in the past, present and will serve in the future; we also see the need to intentionally train up a broader group of men and women to serve through TBM.

This Disaster relief training is an introduction to the various ministries of TBM and another chance to grow the missional impact of the African American Fellowship to share Christ and show love through the Great Commission of Christ. This endeavor directly lines up with the African American Fellowship's stated mission to train up leaders who cooperate with other Baptist bodies.

The benefits of this recruitment effort are multi-layered.

- Bolster the volunteer base of the TBM with a demographic that has not widely participated in the past. Although this recruitment initiative is starting in the North Texas area, we hope to challenge African American churches across the state to join us in this endeavor.
- Add to our witness as we do the work of the ministry to a variety of people groups and locales. The secondary goal would be to have representative servants who are indigenous to the disaster areas in which they are ministering. The long-term impact would be a mobilized group of African American Christfollowers who respond to local and ongoing disaster relief needs.
- The third goal would be to develop of group of servants inside of TBM that would begin to respond to the generational disasters of poverty, substandard housing and the lack of male mentorship/discipleship in underserved inner-city and rural communities. This third goal has the potential to be the most impactful.
